

Redevelopment of Neurorehabilitation: Assisting Recovery and Function in Everyday Life
Following Brain Injury (Level 1)

Part 1: Pre-implementation survey

OBIA in collaboration with Brock University presents Neurorehabilitation (Level 1) Training Program: Pre-course evaluation of the implementation of the INESSS-ONG Standards and Clinical Practice Guidelines.

Funded by the Ontario Neurotrauma Foundation, this program was recently revised to be grounded in the principles of the INESSSONF Standards and Clinical Practice Guidelines and to teach participants how to implement these evidence-based practices into their daily work with clients. As the first offering of this program since the revision, we ask that you please reflect on your knowledge and practice prior to participating in this course to answer the following questions.

1. Were you aware of the INESSS-ONF Standards and Clinical Practice Guidelines?
 - Yes
 - No

[Please note that anyone who answered no was redirected to question 9]
2. Did you download the INESSS-ONF Standards and Clinical Practice Guidelines?
 - Yes
 - No
3. Did you read the INESSS-ONF Standards and Clinical Practice Guidelines?
 - Yes
 - No
4. Please estimate how often did you refer to the INESSS-ONF Standards and Clinical Practice Guidelines?
 - Never
 - Once a year
 - Twice a Year
 - Monthly
 - Bi-weekly
 - Daily
5. How often did you find you were incorporating the INESSS-ONF Standards and Clinical Practice Guidelines into your practice?
 - Never
 - Once a year
 - Twice a Year
 - Monthly
 - Bi-weekly
 - Daily
6. Did you have the INESSS-ONF Standards and Clinical Practice Guidelines available for reference in your place of work?
 - Yes
 - No
